While continuing our investigation on this date, 6/30/78, at 10:35PM,

while at the Juneau Village Apartment Complexes, we interviewed a Sergeant Dennis MC PIKE, B/M,

age 23, bn [REDACTED] of 2922 N. 24th Place, 445-9272. Mr. McPike is full time employed with the

Milwaukee Metropolitan Security Guard Service, at 1925 West Hampton, 263-1213. He further states

that he has been employed with the Milwaukee Metropolitan Security Guard service for approximately

four years. He states that he has been assigned to Juneau Village Complex for approximately four

months. Mr. McPike states that on the dates in question, the early morning hours of 6/30/78, he was

assigned to the Juneau Village Complex, #C Building and other apartment areas. He further stated this

building is on North Jackson and he was not personally responsible for the area where the homicide took

place. However Mr. McPike stated that he is extremely familiar with the area where the homicide took

place, stating that there is a clock punch (security watchman's type) in the lower garage located on the

east wall, approximately 100 to 150 feet from where the victim's car was parked. He further states

this clock punch is scheduled to be punched at 10:00, 12:00, 2:00AM, 4:00AM and 5:30AM. Mr. McPike

stated that on the early morning hours of 6/30/78, his partner who is assigned to the Juneau Village

Complex in question, Timothy SULLIVAN, W/M, of 1970 S. 16th Street was on duty. Timothy Sullivan

was subsequently interviewed by Detective Dante LaPorte who will file a supplementary report as to that part of his investigation.

When questioned in regards to any suspicious persons he may have seen in the area on the date of the homicide, 6/30/78 or prior to that date, Mr. Pike stated he saw nothing suspicious other than for the last two or three nights, he saw what he thought to be a 1978 black Lincoln, 4 door, with what he believed to have Wisconsin plates, parked in front of the overhead door located on the apartment building complex just north of the apartment building where the homicide occurred. It should be noted that upon entry to the apartment building complex north of the homicide scene, there is a walkway thru which one can enter into the garage parking area where the homicide took place. Mr. McPike stated that he saw no one in the auto nor anyone approaching or leaving the auto. He further states the only reason he is telling me this is that it was out of the ordinary that he saw that particular overhead garage door open as that door as well as any of the other overhead garage doors into the basement have to be electrically activated by a key on the locking device prior to entering the overhead garage door. He further states that this stood out in his mind due to the fact that he claims he saw the overhead garage door open over the last four to five days and he also saw this black

During our interviews of the owners of businesses in the 300 block of N. Almost without exception, all of the owners pleaded that, if we had to interview their laborers in the future, this be done sometime after 9AM, when the "rush" deadline is met.

All persons named in this report were checked for wanted with negative results.

Explain in detail what work was done on the case:

On Monday, July 3, 1978, at 4:00 P.M., we were instructed by Det. Lt.

Thomas Perlewitz to conduct an interview with one Frank MONREAL regarding the Homicide of August PALMISANO,

On July 3, 1948, at approximately 7:10 P.M., we proceeded to Pitch's Lounge & Restaurant, located at 1801 N. Humboldt Ave., in an attempt to interview the owner, one Peter PICCIURRO. Upon our entering the tavern, we observed Mr. Wicciurro and the subject, Frank Monreal, sitting with friends at the bar, having drinks. Upon talking to Frank Monreal, at this time, we informed him that we would like to talk to him.

We did not tell him, at this time, what we were investigating, nor did he know the reason we wanted to talk to him. He further stated, at this time, that he did not wish to be interviewed, due to the fact that he was with friends at the bar, and that he was socializing and having a few drinks. He further stated that he would be willing to talk to Detectives, but stated that he would rather have this done at his office, located at his Bar & Restaurant, ⁹¹⁵⁵ ~~2200~~ W. Bluemound Rd. We then set a date with Mr. Monreal to be interviewed anytime after 2:00 P.M., on Wednesday, July 5, 1978.

We respectfully request that the Day Shift interview this subject on Wednesday, July 5, 1978, at his Restaurant & Bar located at N. 92nd St. & W. Bluemound Rd.

On Wed., Jul. 5, 1978, we, Det. Joseph Brown, and Det. Lt. Thomas Perlewitz interviewed Frank

MONREAL, operator of "MONREAL'S EL MATADOR WEST", 9155 W. Bluemound Rd. Mr. MONREAL told us that he had known August PALMISANO for about 12 years, and that he met him through Peter PICCIURRO at "PITCH'S LOUNGE", 1801 N. Humboldt. He states that they frequently met at "PITCH'S" or at MONREAL's tavern.

MONREAL told us that PALMISANO never discussed business with him and that he knew that MONREAL was not interested in gambling so PALMISANO never brought the subject up. He never mentioned to MONREAL that he, PALMISANO, had been threatened in any way. We asked him if PALMISANO had ever discussed the attempted bombing of Vincent MANIACI with him and MONREAL said that he had not.

We mentioned to MONREAL that we had talked to George KELEPOURIS and that he had a large number of checks in his possession which had been endorsed by August PALMISANO. Mr. MONREAL stated that this would be perfectly normal for PALMISANO to repay a debt out of his pocket this way, or with whatever cash he had on hand. He stated that PALMISANO transacted much of his business without contracts or other legal papers and that "his word was his bond".

Mr. MONREAL was entirely co-operative with us and could add nothing further to aid our investigation.

On Thursday, 7/6/78, 9:30 AM, Detectives Joseph BROWN and James

Present were Detectives Joseph Brown and James Koepke, Milwaukee PD, Chief Agent Ralph Hill, Agents Warren MOBERG, Gary MAGNESEN, Ralph DEMARKO, and ATF Agent John MAILAR. Chief Agent Ralph Hill asked us if we were planning a John Doe investigation in reference to the death of August PALMISANO. We informed him that as of this date, we had not been informed by the D.A.'s Office as to any John Doe investigation being anticipated at this time. Mr. Hill informed us that their office was contemplating a grand jury investigation, starting primarily with the Attempt Murder of Vincent MANIACI, occurring in our city on 8/17/77, our File #123614, whereas similar names and persons who were associates of the Attempt Murder (Bombing) of Vincent Maniaci are also the names which appear in the August Palmisano case. He also informed us that they are preparing a list of witnesses and are going to serve subpoenas, possibly giving immunity in some cases with the idea of shaking loose information not forthcoming at this time. They were also very interested in the type of explosives used in this matter to be compared with the Maniaci case. We informed Mr. Hill that as of this time, our scientific information in reference to evidence gathered at the scene has not been supplied us by the Regional Crime Lab.

Mr. Magneson gave us a list of associates of August Palmisano which also came up in the Maniaci case;

On Friday, 6/30/78, we were assigned follow up investigation

regarding this offense while being briefed as to the nature of the followup, we were informed by

Det. Ronald Weiskirch that he had recovered a cartoon type of drawing from the apartment of August

Palmisano. In conferring with Det. Lt. Thomas Perlewitz, he asked us to conduct follow up regarding

the cartoon that was recovered in the apartment. It should be noted that this cartoon was found in a

large manila envelope and was addressed to the deceased, August Palmisano, having a postmark of 1/31/75,

and the return address on the outside of the envelope was the initials, L&M. Berry Company, 4757 N. 76th Street. Copies of the cartoon will accompany this report.

The cartoon depicted a jail cell which bore a character of August Manaci inside the cell in

is an advertising company located at 4757 N. 76th Street, 464-2121. In calling that number we received

On Wed., July 5, 1978, at 8AM, we were assigned followup investigation regarding a water color

painting which was found in the apartment of August PALMISANO at 1319 N. Jackson St., #335. This painting was found by Dets. Ronald Weiskirch and Thomas Barth on the day the victim was murdered, June 30, 1978, and at this time, was placed on Inventory #625696. This painting depicts, in water colors, Vincent MANIACI dressed in a convict's uniform, wearing a bow tie, incarcerated behind bars, and along side of the cell door stands a figure depicting August PALMISANO. Vincent MANIACI is shown shaking a fist at PALMISANO; inside of the cell, there is a birdcage with a bird singing. There is also a calendar on the wall with the days marked off. This painting was in an envelope bearing the logo of L.M. Berry & Co., Post Office Box 3187, at 4757 N. 76th St., Milwaukee 53218, and addressed to "Mr. Oggy PALMISANO, 345 N. Explain in detail what work was done on the case:

Ms. LOUDERBACH stated that she became familiar with the "commission row" area several years ago, and she found the area very favorable to an artist. She stated that on a certain date, she was painting commission row, specifically the GOLDMAN Produce Co., when she met Sam DENTON. At this time, he took her, with the painting, to the GOLDMAN Produce Co., where Mr. GOLDMAN purchased same. Since then, she stated, she has painted many pictures for the various produce companies on "commission row". She also stated that she painted a picture for August PALMISANO, which is currently hanging behind his bar. This is a picture of "commission row" with an insert of the face of August PALMISANO, as he wanted the painting to depict him as the "king of commission row". She stated that she did not know she was doing anything wrong by doing this painting depicting Vincent MANIACI and August PALMISANO. She further stated that she obtained photos from Mr. DENTON of Vincent MANIACI and August PALMISANO in order to capture the facial features of each individual in her painting. She explained that many of the commission row merchants are personal friends of hers, as is Sam DENTON and his wife. She stated that Sam DENTON has since moved, and she does not know his present whereabouts, though his home phone number is 242-5053. She also stated that he had previously worked as a commodities salesman for the Merrill Lynch Corp., but now has a new job, though she did not know what it was. She did have the telephone number of 276-4030, in regards to this new job.

Upon further questioning of Mr. Denton, he stated he has no knowledge as to who may have killed August Palmisano and the only business he knew August Palmisano to be involved in was that of running the tavern and delivering food in the produce business. He stated the last time he saw August Palmisano was on Thursday, 6/22/78 at the tavern. He stated he frequented the tavern about 2-3 times a week. Further information after a long conversation with Mr. Denton revealed the following.

He stated approximately six months ago, he was sitting in Augie's Tavern and he and August Palmisano was having a few drinks and Augie told him "I think I'm in a lot of trouble, I was told if I help Vince, I would be in more trouble, that I should stay away from Vince forever". I asked Mr. Denton if he could extend on this statement and he said, "No", August was very tightlipped about his business dealings and he was a personal friend of Vince Maniaci and was very upset over being threatened. Mr. Denton stated that approximately three months ago, Vince Maniaci had called August Palmisano or it somehow got way to Augie that Vince was coming to Milwaukee and that Augie should pick him up at the airport. Augie apparently went to the Milwaukee County Airport to pick up Vince, waited at the airport for approximately three hours and Vince never arrived. Augie told Mr. Denton that he had found out a short time later that Vince did come to Milwaukee, because Vince was tired of Hawaii and wanted to get back in his hometown because he could not find employment in Hawaii. Vince had come to Milwaukee, flew to our airport and immediately upon arriving in Milwaukee, for whatever the reason maybe, decided not to stay and immediately took a flight back to San Francisco and then back to Hawaii. August Palmisano appeared to be very upset

about this and appeared to be frightened, thinking Vince may have gotten a phone call or Vince upon arriving to Milwaukee had seen or heard something that caused him to leave immediately and return to Hawaii. Mr. Denton stated that approximately one month ago, Vince Maniaci called Augie, stating he was applying for a license to get a tavern in Hawaii and that it did not go thru and that he was having trouble finding employment. He then Augie that he wanted to come back to Milwaukee and Augie told Vince on the telephone, "It's better for you to stay where you are, and I'll stay where I am, that will be best for both of us", August inferring that he was in a lot of trouble and that he was warned to stay away from Vince and not try to help him at all or he would be in more trouble.

Upon further questioning of Mr. Denton regarding any suspects he may have or any knowledge he may have of anyone threatening or attempting to kill Mr. Palmisano, Mr. Denton stated that he was aware of the business that August was in, that being the produce business and that the produce business was becoming very lucrative for Augie to the point where he was thinking of buying another truck. Several times Mr. Denton asked Augie why he doesn't deliver food in Milwaukee and August told Mr. Denton that he didn't believe that he should cut in on any of his friends business

Augie did tell Mr. Denton that he was having trouble with a man named, "Sweet" or "Sweets", who also has a business of delivering produce in the Madison area and that August Palmisano had taken some of Sweet or Sweets, customers and that Sweets was upset over this. He stated that Augie did not elaborate on it only to say that he could deliver the product cheaper and that's the way business is.

I asked Mr. Denton if he had any knowledge of any friends that August may have in Texas and immediately without hesitation, Mr. Denton, stated, "Are you talking about Houston, Texas?" Mr. Denton then stated approximately two months ago, Augie had told him that he was going to put everything that he owned, the produce business and the tavern, into his son's John's name and move to Houston, Texas and there open a new tavern and go into the produce business. Mr. Denton stated that Augie left the impression with him that he had a lot of contacts down there, and it would be easy to go into business in Houston, Texas, due to the low tax structure and because he felt he would be safer there and obviously had numerous friends in the Houston, Texas area. Augie was contemplating to leave Milwaukee and go into business.

At the end of our conversation, Mr. Denton stated that in the last month or so, Augie appeared to be very happy and Mr. Denton asked him about his change in attitude towards everything and August Palmisano had stated to Mr. Denton, that up until a couple of months ago, he had \$80,000 out that was owed to him, August Palmisano. He stated August Palmisano told him that now all of a sudden the people are starting to pay him back and he now has \$40,000 of the \$80,000 the people owe to him, and contemplated the rest of it coming in very shortly. Mr. Denton could not elaborate any further on the subject of money coming into Mr. Palmisano.

We questioned Mr. Denton at length and he stated that he did not know if there was a war going on. He stated that he is very well known in the Italian community and he could offer no information that other than he hoped we could solve this crime and that he did not know of any illegal activities or organized crime in Milwaukee that would be of a magnitude that would warrant the bombing death of August Palmisano. We gave Mr. Denton our names and he stated if he could think of anything, that would assist us any further in the clearing of this crime, he will call the Detective Bureau, ext. 302 and try to contact someone who would be presently working on this case.

Mr. Denton was very cooperative and thru our conversation appeared to be upset over the death of August Palmisano, as he considered him a very, very close friend, infact he considered him close enough friends so that when Mr. Denton had family troubles with his wife, August Palmisano had talked to Mr. Denton's wife and helped he and his wife overcome their marital difficulties and get back together. Mr. Denton was thanked very much for his cooperation and stated he would be available at any time to assist us in anyway he could regarding this crime.

She further states that possibly her father's sister, Theodore, nicknamed Teddy, MALLON, living at 1233 S. 76th Street, 774-2992, could possibly tell us more about August Palmisano's activities regarding any Mafia connections or any gangland connections where anybody would want to kill him in this manner. She stated her aunt, Teddy Mallon, is presently at Turtle Lake on vacation and she does not know the address or phone number up there. victim had not been transported upon our arrival, while we were waiting Angela made several phone calls to her husband and to her mother and after making these calls, she stated that her mother wanted to have all the children come to her house on Kent Blvd. in Whitefish Bay before anything was done. She then stated that she would rather not make the identification at this time. I then informed the Medical Examiner, Warren Hill, of this fact and he stated due to the fact that the face was burned beyond recognition and that the Police Department had obtained a fingerprint which had been positively identified as that of August Palmisano, he would not require a positive identification from a relative and he then informed her that the body was intact of her father, August Palmisano. Angela Wegman upon hearing the news, showed no emotion whatsoever and seemed to be more interested in the amount of money that had been found either on her father or in his car. Mr. Hill then informed her to have the family obtain the services of a funeral director and the body and jewelry and valuables found in his possession, will be turned over to the funeral director who would then turn them over to the family.

We then left the County Morgue and I returned Mrs. Wegman to her car in the parking lot of Columbia Hospital. Before leaving she stated that she will talk to the members of her family and try to convince them that if they know anything about August Palmisano's activities, or any threats he may have

I then compared the known handwriting of one George G. KELEFOURIS w/m B of I # 155931, and while said known writings are very limited in nature, using same I find no basis for stating that he authored the endorsement signatures contained on the aforementioned documents.

In comparing the known handwriting of John A. Said examination consisted of using copies of original documents and comparing same with known handwriting of the son of the deceased one, John August PALMISANO w/m [REDACTED] B of I # 144214. Due to the fact that the original documents are unavailable for examination, I cannot render a positive conclusion in this matter, however with the similarities noted between the known writings and the questioned endorsement writings, I would state that there is a high probability that said writings were authored by John PALMISANO. My source stated he knows that Bulski is residing in Houston, Texas although he saw Bulski in Milwaukee last week. He is unsure if Bulski is still in Milwaukee or if he returned to Houston.

In addition to this information he stated that Palmorino had been seeing Marie Piscitello's 28 daughter of Thomas C. Piscitello over B7 I 38816.

This liaison between Palmorino and Marie Piscitello was to be kept in secret. As of 1976 Marie Piscitello still lived with her parents at 6335 W. Congress Av. Milwaukee.

On Tuesday, 7/35/78, I received a 'Matter Of report from Detective Captain Thomas Thelen, Detective Bureau Late Shift, whereas he indicated that at 5:15AM on Tuesday, 7/25/78, he received a telephone call from a male caller who refused to identify himself. The caller stated the following:

"The guy who put the bomb in Augie Palmisano's car is Polizzi. I think his first name is John or Joe. He is a Dago. He is about 40 years old, he works for a car dealer as a salesman. The conversation was concluded.

In reference to the above information, I checked our various tavern cards and bartenders application with reference to the above person's name, with negative results. I also checked the B of I under various spellings also with negative results. I then went to a informant, who has knowledge of the business places in the lower 3rd Ward for the past 30-40 years and he informed me that the first person that were interested, who had a tavern at 228 North Milwaukee Street, the tavern was called the "Pin Up Bar" and it was operated by a Joe Pelitsie and he has a son by the name of John Pelitsie who was 40 years old and who was employed as a car salesman for Balisteri Olds located at 6033 North Teutonia

Explain in detail what work was done on the case:

On Friday, July 7, 1978, at 12:05AM, we received information from Det. Capt. Thomas Thelen that he had remembered being involved in the arrest of a Sonny VICK, a renowned burglar and holdup man, and in that arrest explosives were found in VICK'S possession. Det. Capt. Thelen indicated that possibly VICK maybe involved in this homicide.

We made a check of our B of T and located a Harold Lee VICK, alias Albert F. MINOR, alias

Sonny, W/M, dob: 7-28-41, our B of I #98062, Milwaukee Sheriffs B of I #20137, and FBI #550-179-E.

A check under the subject's real name and aliases show him to be not wanted at this time. His arrest record at our department and the sheriffs department includes a burglary in 1974, (4 Cts.), dismissed, forgery in 1966, dismissed, conspiracy to commit forgery in 1966, dismissed, CCW (gun) in 1967, dismissed, possession of explosives in 1971 (warrant refused), possession of heroin in 1971, dismissed, possession of dangerous drugs in 1971, 4 yrs. probation, armed robbery (2 cts.) in 1976, dismissed and kidnapping in 1976 for which he received a 10 yrs. sentence. That sentence was stayed and he was placed on 5yrs. probation, with the first 90 days to be served at our Milwaukee County Jail.

The Milwaukee County Sheriffs Department shows an arrest record for burglary in Whitefish Bay in 1966, another burglary in 1967 (2 cts), at which time he was sentenced to 5 yrs. at Green Bay.

He also shows an arrest record in 1972 for possession of narcotics in California.

Explain in detail what work was done on the case:

The Sheriffs Department B of I records show that on January 25, 1978, he was confined as a

huber prisoner on the kidnapping, 90 day sentence and he was released on April 25, 1978. At that

admission time he gave an address of 1123 W. Greenfield Ave., (645-9115). He listed his wife's name

as Kathleen (Maiden Name-TRILIEGI) and his occupation as an antique dealer.

A check with the Department of Transportation shows no autos or drivers license listed to
Vick or his alias.

He was measured at the Sheriffs Department in January of 1978, and at that time he was 5'5",
140 lbs., brown hair, blue eyes and having a mustache.

He is presently on parole until January 25, 1983 on the kidnapping charge.

Det. Capt. Thelen indicated that he knows Vick to be associated with the criminal element
in our city and the subject's activities were familiar to him as having taken place on the East Side
of Milwaukee.

Det. Capt. Thelen requested that information on Vick be kept with this file, as it is re-
quested that an investigation be conducted regarding any possible associations with PALMISANO, MANIACI
and their associates. It is further requested that corporation records be checked at the State and
County level, to determine whether or not Vick as an antique dealer did any business or had any

In comparing the known handwriting of John A. Explain in detail what work was done on the case:

On Wed., Jul. 5, 1978, while following up information obtained by Dets. Dale Buschmann, EdmundBraun, and Det. Lt. Andrew F. Anewenter, we interviewed George KELEPOURIS, W/M, [REDACTED], of 1007 N.Marshall, Apt. #114. Mr. KELEPOURIS was interviewed at his place of employment, the "Father & DaughterBar", located at 332 N. Milwaukee St. Mr. KELEPOURIS was asked about the amount of money and checksthat he attempted to cash at the M & I Bank. He stated that the checks he had numbered seventeen, total-
ing \$9,077.95. He stated that about two or three months ago, August PALMISANO, who was a long-timefriend of his, asked to borrow some money. At that time, George gave him \$9,000. On Wednesday, June 28,or Thursday, June 29, 1978, George KELEPOURIS states, he was in Palmy's Bar, 364 N. Broadway, the li-censed establishment belonging to the deceased, when August PALMISANO reached into his pocket and tookout a wad of folded checks held together with a rubber band, then gave it to KELEPOURIS saying, "Thisis the money I owe you George." At the time, KELEPOURIS states, there was no one else in the bar.He further indicated that he did spend the latter part of Thursday night and the early part ofFriday morning (June 29/30, 1978) at his place of employment. Explain in detail what work was done on the case:

At that time, August PALMISANO was still in the Pitch's Restaurant with the man he previously referred to as "TEACH".

KELEPOURIS explained that he has known August PALMISANO for many years, has, on many occasions, loaned him money, and has always been repaid, and he claims to have no knowledge as to who may be responsible for the death of August PALMISANO. KELEPOURIS went on to indicate that many of the things being said about August PALMISANO in the newspapers were being said by "people who don't know what they're talking about."

KELEPOURIS told us that as far as he knew, August PALMISANO and Vincent MANIACI, were very close friends, and that approximately a week ago this past Sunday (which would have been June 25, 1978), August PALMISANO received a long-distance telephone call from Vincent MANIACI who was in Honolulu, Hawaii. This call was received at Palmy's Bar, and while KELEPOURIS was there. KELEPOURIS stated that PALMISANO handed him the telephone and said, "Here, Vince wants to talk to you." During the conversation with MANIACI, KELEPOURIS states, MANIACI said that he was "lonesome", that he would like to come back, but before he did so, he would like to have both George KELEPOURIS and August PALMISANO come to Honolulu to pay him a visit, which KELEPOURIS and PALMISANO both declined to do.

Explain in detail what work was done on the case:

These checks bore the signature of August PALMISANO on the back, were endorsed with the initials, "G." and what appears to be an "8" or a "K", and the number "00-86-1383. This was the account number of George KELEPOURIS at the M & I Bank.

All of the checks were examined by Asst. Document Examiner James Ferrier of the Document Section, who stated that a similarity existed between the known handwriting of August PALMISANO and the writing on the aforementioned checks. He did state, however, that the signatures obtained from PALMISANO were dated 1963, and that in the past 15 years, a variation could have developed between that signature and his present signature. As of this time, there is nothing to indicate that the checks in the possession of George KELEPOURIS were obtained in any illegal manner. He states that this is not the first time he was repaid by check by August PALMISANO and he believes that there is absolutely nothing wrong with these checks, and intends to place them in his account at the M & I Bank.

We also attempted to contact the night teller at the bank, one Pat BRAUN, W/F, 8-21-50, of 610 E. Mason St., #303, (765-0563). However, we were unable to locate her during our tour of duty.

It should also be noted that George KELEPOURIS lives with a female named Judy GOODRICH, of 1007 N.

Marshall, Apt. #114.

On Tues., 7-4-78, at 7:45p.m., Lieutenant Andrew Anewenter received information from Police Officer James MASSINGALE, #7 District, Early, who is at the present time assigned to Summerfest Grounds. He instructed us to interview Police Officer Massingale regarding the information he had in regards to the murder of PALMISANO, August.

Detective Dale Buschmann and Detective Edmund Braun interviewed Police Officer James Massingale at the Summerfest grounds and he stated the following: (In the presence of Lieutenant Anewenter).

Last night, 7-3-78, about 9:30p.m., he received information from a lady who is an evening teller at the M & I Drive In window, who wishes to remain anonymous, because Kelepouris has a violent temper. She stated that a George KELEPOURIS attempted to cash about \$10,000.00 in checks belonging to August Palmisano at the drive in window either on Fri., 6-30-78, or Mon., 7-3-78. Police Officer Massingale did not check for details. He strongly believes the date was 7-3-78. The teller knew George Kelepouris and knew what type of individual he was and they refused to cash the checks.

We checked George Kelepouris in the telephone book and the following addresses were listed to a George Kelepouris. According to the City Directory George Kelepouris is an ex-tavern keeper, and the address listed is 8517 Highway 41, Caledonia, Wis., phone 835-4828.
